

NEURO 99 REGISTRATION AND/OR NEURO SENIOR THESIS ABSTRACT

This form must be completed by registration day of your final semester. Complete this form (with appropriate signature) and return a digital or physical copy to James Poolner (BioLabs 1082C, jp@mcb.harvard.edu) by **5 PM on Friday, January 31, 2020**.

You can return a digitally signed .pdf of this form by email, OR turn in a signed physical (or scanned/photographed) copy and email a .pdf of the unsigned completed (typed) form.

Your thesis will be due **Friday, March 13**. For more information, consult the [Senior Thesis Guide](#) or contact Dr. Magnotti (magnotti@fas.harvard.edu) or Dr. Draft (draft@fas.harvard.edu).

Part A. Basic Information: **Please type! Do not hand-write.**

Student Name:
Thesis Title: (May be tentative – Be sure to review title with your research director before submitting.)
Lab Director (PI) Name: (GRADUATE STUDENTS OR POST-DOCTORAL MENTORS SHOULD <u>NOT</u> BE LISTED HERE.)
Email:
Lab Director's Signature: (GRADUATE STUDENTS OR POST-DOCTORAL MENTORS SHOULD <u>NOT</u> SIGN HERE.)
Daily lab supervisor (if not Research Lab Director):
Email:

Part B. Neuro 99 Research Course Enrollment:

Are you enrolling in Neuro 99 in conjunction with writing your thesis? Yes No
<i>This form will serve as your registration form for Neuro 99.</i>

Part C. Type or attach your thesis abstract to this form.

The abstract should not exceed **250 words** and should clearly define the thesis. The abstract should (1) state the principal objectives and scope of the investigation, (2) describe the methods employed, (3) summarize the results, and (4) state the principal conclusions. Abstracts should be written in the past tense, because it refers to work done (though you may still have a few pending experiments). References to the literature should not be cited in the abstract. *It is understood that your abstract may change by the time you complete your thesis.*
